Edric Jay M. Rivas

Antipolo City1870 | 09457608332

rivasedricjay@gmail.com

Aspiring to have a career in a reputable organization that will benefit my technical and database skills for the growth of the organization as well as enhance my knowledge about new and emerging technologies/trends in the IT sector.

EXPERIENCE

Full-stack Web Developer/ QA Intern   Mar 2023 – July 2023
Zynappse Corporation (Remote)

Full-Stack Development (Next.js, React):
- Designed and developed a web page using Next.js and React, utilizing functionalities like CRUD operations
- Implemented UI/UX designs provided by the design team, ensuring accuracy and responsiveness across devices.
- Built a personal project using Next.js to further explore its capabilities and enhance my understanding.

QA Testing (Functional Testing):
- Wrote comprehensive test cases covering various user scenarios and edge cases for projects for clients
- Identified and reported visual bugs, including font inconsistencies and layout issues.
- Worked closely with developers to fix bugs and ensure smooth functionality.
- Contributed to improving testing processes by suggesting additional test cases
